Certificate of Completion

This is to certify that Gideon Klaila
has successfully completed the course:

Foundations of Applied AI

Conducted by Combient

This course provided a comprehensive understanding of Applied AI concepts, delivered through a blend of lectures, hands-on coding exercises, and interactive discussions. Emphasis was placed on elucidating complex concepts in a clear and accessible manner, enabling participants from diverse backgrounds to grasp the material and engage actively in the learning process.

Course Highlights:

Overview of Data Science
Data Engineering Basics
Machine Learning in Production
Data Visualisation and Communication

Linnéa Fredrikson
VP, Head of Learning Hub
Combient
